WORK EXPERIENCE

Web Developer Intern at Mutual Mobile, Austin, TX

Oct. 2018 - Feb. 2019

- Worked directly with senior level developers and UX Designers to program a multi-faceted web application using HTML5, CSS3, JavaScript, and AngularJS
- Practiced an agile work environment through sprint planning, completing tasks that meet client goals

Director of Graphic Design at Oddly Natural, Abilene, TX

Sept. 2017 - Oct. 2018

- Created brand identities for new and existing companies, including logo and web design
- Worked hand-in-hand with the developer to create an effective online presence that meets client goals
- Enhanced the online presence of clients in the form of social media graphics, utilizing Photoshop and Illustrator
- Successfully promoted client events through poster and billboard design, utilizing InDesign, and incorporating hand-drawn illustrations

Webmaster at Fort Stockton ISD, Fort Stockton, TX

Nov. 2016 - Aug. 2017

- Successfully transformed a dated, disorganized website into an intuitive, modern Content Management System, utilizing information architecture, card sorting, and communication skills
- Trained all teachers and staff members to edit/manage their own personal webpage
- Engaged the community in the District's strengthened online social media presence by photographing all school events, and regularly posting on Facebook, Twitter, and Instagram

Creative Intern at MasonBaronet, Dallas, TX

May 2015 - Aug. 2015

- Gained skills in communication and collaboration through daily team meetings and regularly reporting to the Creative Director
- Obtained design skills and an understanding of creative direction by designing special collateral for office functions
